dLAN®

TV SAT Multituner

Multi-room satellite TV - easy, anywhere!

With the devolo dLAN® TV SAT Multituner, any wall outlet becomes an antenna socket. Simple without routing any cables! The intelligent twin tuner can receive two different satellite TV programs simultaneously and is thus ideal for households with two or more TV sets. Any SAT>IP-certified set-top box and the devolo model can be used as a receiver. Satellite TV reception is also very simple via a smartphone or tablet with the dLAN® TV SAT app. The solution is as easy as 'child's play' to install, and brings multi-room TV entertainment easily into any room.

Experience satellite TV by tablet or smartphone.

dLAN® TV SAT Receiver Kit

Highlights:

- Satellite TV to your television and your mobile device, very easily via the power line!
- Particularly easy installation—no drilling, no mess
- The intelligent twin tuner enables different TV stations to be recorded and played back simultaneously on one receiver or two receivers or two mobile devices in one home to be operated simultaneously
- Ideal for all households with two or more televisions
- With the dLAN® TV SAT app, tablets and smartphones very easily become satellite TV receiver devices
- Compatible with all current SAT>IP-certified set-top boxes (certification pending)
- dLAN®-500 technology distributes the satellite signal very easily via household power lines
- Can be expanded to up two dLAN® TV SAT Multituners per household. Enables the operation of up to 4 different terminal devices
- Simple configuration of the Multituner via dLAN® Cockpit or Internet web browser
- Also usable in multi-family apartment buildings. The two Powerline adapters just have to be detected by the same power meter.
- dLAN® receiver receives all free TV channels as well as pay TV programs via the CI+ interface
- Receive Internet-based media offered by many TV stations—such as media libraries, news and supplementary content (HbbTV/OTT)
- Highest image quality thanks to DVB-S2 standard and Full HD resolution
- Simple playback of multimedia content, such as pictures and videos, from the home network (UPnP/DLNA)
- Our recommendation: Use the dLAN® TV Sat receiver with the dLAN® TV Sat Multituner for multi-room entertainment – even on your mobile device!
- 3-year manufacturer´s warranty
